

LIMIT THE SPREAD OF GERMS AND PREVENT INFECTION

**Steps we can all take to prevent the spread of any respiratory virus:
For more information, go to www.redcross.org**

Pony Express is committed to the health and safety of our customers and associates.

- Cover your mouth and nose with a tissue when coughing or sneezing.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing or sneezing. If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.
- Avoid touching your eyes, nose or mouth.
- Disinfect doorknobs, switches, handles, computers, telephones, bedside tables, bathroom sinks, toilets, counters, toys and other surfaces that are commonly touched around the home or workplace.

We are partnering with the American Red Cross to provide customers and associates with health, safety and preparedness tips. In addition we are:

- Sourcing hand sanitizer to make available for customer use in our stores
- Increasing the frequency of cleaning surfaces
- Heightening awareness of preparedness with associates and customers

**Pony Express is committed to the health and safety
of our customers and associates.**
